TAKE A CLOSER LOOK

Join a Community Book Conversation

Sponsored by **Central Oregon Community College**
and **Building Common Ground**

Discussions focus on—

“Whistling Vivaldi: How Stereotypes Affect Us and What We Can Do” by
Social Psychologist author, Claude M. Steele, Vice President and Provost U. of CA.

We will examine cultural stereotypes about women, elderly, youth, handicapped, Latinos, whites, blacks and others. We will dig into some of these realities and how they shape our lives and the lives of others.

According to Carol Carlson, Redmond Organizer, “This book opens and reveals a fascinating look at ourselves and our relationships”.

Choose your best date, time and location in Redmond!
